The Abstract Submission Deadline has been extended to 31 March 2026

SuSChemE-SUSTENS2

Dear colleagues, friends, and participants,

The organizing committee and the event chairs invite you to the 1st Sustainability Section Conference SuSChemE conference that is organized under the auspices of the **European Federation of Chemical Engineering (EFCE)** and co-hosted by **SUSTENS2**. The conference will be held between **28-30 June 2026 in Athens (Greece)**.

The conference is sponsored by SusChem Europe with local sponsors that include SusChem-GR, the *Technical Chamber of Greece*, the *Hellenic Association of Chemical Engineers*, and the Technical Universities of Athens (NTUA) and West Attica (UNIWA). Registrations cover free-access hands-on workshops on AI, training sessions on sustainability software for LCA, and demonstrations of sustainable systems tools on industrial biotechnology applications sponsored by the Industrial Biotechnology Research Infrastructure (IBISBA) and its National Greek hub (IBISBA-GR).

Extension of Abstracts Submission Deadline

The Abstract Submission Deadline is now extended until **31 March 2026**. Don't miss this final opportunity to share your research with the community!

Abstract Submission Deadline:
31 March 2026

[Submit](#)

Topics

Green & Sustainable Technologies

Sustainability and Industrial Biotechnology

Sustainable conversion of power-to-X systems

AI for sustainability

Process Engineering & Industrial Applications

Safe & Sustainable by Design (SSbD) materials and processes

Other Publication Opportunities

Optionally, the authors of Accepted Abstract may submit an extended version of their work as a **Conference Paper** (exactly 4 pages), which will be published (if accepted) in the Conference Proceedings.

Full length manuscripts published in:

Industrial & Engineering Chemistry Research (*ACS*, *Impact Factor: 3.9*)

Biochemical Engineering Journal (*ELSEVIER*, *Impact Factor: 3.8*)

Special Issue on Sustainable Chemistry for Climate Action (*ELSEVIER*, *Impact Factor: 5.4*)

Invited Speakers

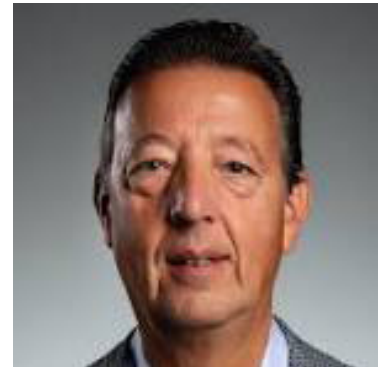

Bhavik Bakshi

Arizona State University, USA

Dimitris I. Collias

University of Pennsylvania, USA

Stratos Pistikopoulos

Texas A&M Energy Institute, USA

Marc-Olivier Coppens

University College London, UK

Andreas Falk

CEO BioNanoNet ForschungsGmbH
(BNN), Coordinator of SusChem
Community & InnoMatSyn, Austria

Vitor Martins dos Santos

Wageningen University & Research,
Biotechnology and SSbD

Organized By

EFCE
Sustainability Section

Technical Chamber of Greece

Hellenic Association of
Chemical Engineers

Event Chairs

Professor

Antonis C. Kokossis

School of Chemical Engineering,
National Technical University of
Athens, Greece

Associate Professor

Seyed Mansouri

Department of Chemical and
Biochemical Engineering,
Technical University of Denmark

Assistant

**Professor Konstantinos A.
Pyrgakis**

Department of Mechanical
Engineering, University of West
Attica, Greece

Sponsorship & Exhibition

Individual sponsorship options and packages are available to meet the diverse needs of Sponsors and Exhibitors. Contact us to discuss a customized plan that aligns with your goals.
